Waste Industries to Change Collection Schedule for Some Residents of Carolina Beach

Carolina Beach, NC -In an effort to balance out collection routes and increase the level of efficiency in their services, Waste Industries is seeking to move about 1600 residences from "A" week to "B" week collection with no change in the service day. Affected residents will first be contacted via telephone and then sent a letter in the mail. A newspaper ad will go out concerning the changes and notices will be placed on each cart to geographically depict the new schedule.

Waste Industries will be picking up each effected home two weeks in succession as to get the process started. Tentatively, the information cards will be placed on carts March 23rd and 24th, and the same carts will be serviced March 30th and 31st. The calendar on the carts will show the next pick-up date will be set for April 13th and 14th.
